Swann manual

Explore troubleshooting guides and FAQs for our CCTV units to resolve issues and optimize your surveillance system. You can change the res-olution and bitrate settings as well as the image settings for brightness and contrast. Choose something that you'll remember, but that others would be unlikely to guess.**Important Notice** - Do not lose or forget your password. Most burglars enter the home through a front or back door, so it's advisable to place the cameras near those areas.4. When installing cameras outside, it's important to keep your front and backyard well-lit for ideal night vision and motion detection. These limits are designed to provide reasonable protection against harmful interference in a residential installation. You have the choice of playing video that matches your recording schedule, manual recordings or motion events only. Check out Swann's help center, which provides extensive security support with a knowledge base, product manuals, announcements, and more! Download 312 Swann Security Camera PDF manuals. It's recommended to this option enabled and to backup important events before they are overwritten.Pre-record: It's recommended to leave this option enabled as it allows the DVR to record for a number of seconds before an event occurs.Post-record: This option instructs the DVR to record for a set period of time after an event has occurred. You will see a scissor icon above the timeline indicating the mark in and out points. View the manual for the Swann SwannSecure here, for free. Using the mouse, click on a particular square or section to change. • Click the "Default" button to revert back to default settings. • Don't forget to click "Apply" to save settings. • Click "Cancel" to exit. • Right-click the mouse to exit the Menu. Even though the recording is broken up into separate units, the DVR will play it as one continual video. 2. Select a video then click "Play". For the best result, we recommend using a Swann branded PTZ camera.Address(0-255): The command address of the device you want to associate with this channel. • Click the "Default" button to revert back to default settings. • Use the "Copy to" button to apply all settings to the other cameras. • Don't forget to click "Apply" to save settings. • Right-click the mouse to exit the Menu.If you have a PTZ cam-era connected to the DVR, use this menu to configure settings for your device. 11. Right-click the mouse over the channel you want to view then click "Digital Zoom". You can select a different month and day to view. User manuals, Swann Security Camera Operating guides and Service manuals. BitRate(Kbps): The default bitrate is 3072Kbps for main stream and 128Kbps for sub stream. Pass-word retrieval can take several days, which means you will not be able to access your DVR during this time.Page 33**Important Information** 2**Contents** 3**Live View** 4**Menu** 5**Menu Layout**
