Over the past five years, our special relationships have taken an in-depth aspect to the future of energy, water and climate change activity. We work to expand the horizons of young people with stimulating and high quality discussions on the more pressing issues of our time. It also gives you convenient access to our best digital articles, our favorite business, finances, policies and cultural stories and our daily choice of new graphics and explanations. Our leaders monitor Economist Group emissions and will soon be able to monitor progress on reduction targets through the Planetly's online carbon management tool. Leadership of climate oscillitronomy in 2019, economist's climate coverage has permeated all aspects of our journalism. We do not discriminate employees or job candidates on the land of age, sex, sexual orientation, civil status, race, color, religion, national origin or disabilities. Today this autonomy is among our most sustainable attributes. We provide employee support programs and access to mental health facilities. Technology reports quarterly from the borders of science and technology to bring advanced understanding and expert analysis to the latest technological developments. Their vision and commitment to excellence continue to lead the economist group in its development and dedication to global progress. It includes the weekly edition, articles of the magazine of 1843 and the world in front. We are committed to growing the diversity of employees, we focus in particular to ensure that we reclude from the largest possible talent pool. We are embracing innovative sustainability technologies, including an automated carbon management system and, with the help of the clinworks, we were the first Media to invest in direct carbon capture. Our readers can choose between a series of newsletters, including as we put together our weekly coverage, the best of our data and arguments of climate change to American policy. Young people use our innovative online platform to participate in discussions with colleagues in different countries, with input from experts of main topics. The Economist Group is independent of the power and free of partisan prejudices, state control or external influence of any kind. From 1843, the editor-head of the economist was the guardian of our editorial values. We are committed to independence, integrity and quality underpinning our capacity to fulfill this goal is our commitment to independence, integrity and high quality delivery throughout what we do. The role of the Council is to promote the long-term success of the economist and society as a whole. Our journalism is now flourishing on our apps, on the website, social media and podcasts and videos, along with our weekly press edition. Their defense is as relevant as ever. Prepublished from September 1843 to take part "in a serious competition between intelligence, which also presses and an ignorance ignorance that obstructs our progress. A, b, c, d, e, f, g, h, i, j, k, l, m, n, o, p, q, r, s, t, u, v, w, x, y, z, only the fidelity is for the facts e Our founding mission. The release is in the form of benchmark, analysis of the economic and social impact, white paper, forecast and modeling of scenarios. Look at our modern declaration of the slavery law. In September 2021 we launched "a Minor degree ", a series of podcasts exploring how everything, from finance to agriculture, transport to trade" must change to slow down the rhythm of global warming. Subscribers can provide articles as non-subscribe gifts, frequent webinars only for subscribers and select Newsletter to satisfy specific interests. We abide with local laws and regulations an international society, we conduct business many Different all over the world. We believe in conducting business with common decency, they oppose corruption and are not committed to corrupt practices. At a time when trust in the media is low, our strict commitment, drove the fact It is unshakable. Economic films have over 2m subscribers on YouTube; Our podcasts attract more than 3M listeners a month; Our social media channels have 56 million followers. The great image from your little screenswher and every time you need it, our app offers instant mobile access to our digital world. This is what happened the next the Economist Group undertakes to trace global attention on climate change and environmental problems and we have intertwined environmental sustainability in the fabric of our growth and our operations. The security of our irrigation sustainability is fully integrated into our corporate strategy. Environmental master's responsibility for delivery of our sustainability strategy is respected and incorporated into the key performance of the leadership team. Exor has purchased most of his participation by Pearson PLC in October 2015. Trusted actions are held by trustees, whose consent is necessary for certain corporate activities, including the transfer of special actions "to" special and "B". Our films reveal climate change policy, the definition of net zero and if veganism could make a real impact on the environment. The leaders for each of the business group companies, as well as departmental and functional leads constitute the Lara's talented leadership team. From news and finance to culture and technology, our podcasts are designed for those who have hungry minds and little time. In addition to these rights, they do not include the right to vote, receive dividends or have other economic interests for the company. Our Podcast PORTFOLIO Features: The Economist Films department creates mind stretching videos that examine great themes Sustainability network The economist sustainability group is the internal network of our sustainability samples, composed of colleagues around the world. We continue to reduce the distribution of wholesale printing, improve the IL impact of our print publications and encourages multiple digital consumption of our products. The transfer of ordinary shares must be approved by the Board of Directors. The special actions "A" are held by individual shareholders including Cadbury, Layton, Rothschild, Schroder and other familiar interests as well as a number of employees and former personnel. The special actions "B" are all held by Exor who holds 43.4% of the total share capital of the company excluding the trust actions. Our journalists explore the role that corporate and political managers can play in invertive climate change, interviewing global leaders such as Bill Gates and Christine Lagarde. Impacting Environmental change management is also a key pillar of the economist impact, launched in September Of 2021. Our global team. More than 120 economists, researchers and analysts regularly collaborate with world-renowned brands in political research based on pioneer evidence on climate, environment and sustainability. We give the resources and training of teachers to facilitate topical discussions in their classrooms. For those who want more in-depth coverage, our briefings and special reports provide rigorous research and analyzes on global topics that cover politics, science and technology and business and finance.economist.com goes beyond our daily coverage And weekly of world events, with powerful tools and features. Since then, trust has pursued humanitarian progress globally supporting charity that improve the situation of disadvantaged groups. Funds of trust The funds are chosen by employees of the Economist Group - corresponding to the money collected by employees and giving the projects appointed annually. Astanno, trust supported annually. These projects: Cambodia, global children, San Giorgio di New York company, help for domestic workers, antifreeze trousers, indigo children's bottom and Kisharon school. The Educational Economist Foundation changes the life of young people by loosening them to a Critically and understand current affairs. We have reduced our commercial trade trip by about 40% from pre-covid-19 levels. It also houses our news hubs, which take care of our analyzes on highlights. The economist podcasts lead our global audience, the analysis of thought-stimulating, entertaining the entertainment analysis of the most important developments in the world. The rights attached to Trust actions provide for the continuous independence of the company's property and the editorial independence of the economist. A weekly newsletter with the same name was launched shortly after. We are committed to reducing the Gender Pay GapThe Group is committed to achieving gender parity. We have a strong advisory culture and we follow legal and regulatory requirements to consult colleagues on the main issues concerning the company. Alternatively, a more pleasant reading exploration of first-person accounts and stories with the heart can be savored in the magazine of 1843, the headquarters of our long-law features and first-person narratives. The economist data journalism department produces part of the most

distinctive journalism in the world. Our Gender Pay Gap report (published March 8, 2021) shows that we are making progress; However, we still need to increase the number of women at the senior levels to the progression and recruitment of the career. The Economist Group is in its governance structure in having a group of trustees who are separated and independent of the Board of Directors, and shareholders. Economist.com offers our complete range of analysis, including all our latest special reports, journalism data, podcasts, movies and audio versions. The company is private and none of the actions is listed. Zanny Minton Beddoes leads to the economist as Head and sits also on the leadership team of the Economist Group.Learn on our executive leadership that we are opposed to slavery and trafficking in humans we are opposed to modern modern And trafficking in human beings, both in our activity and in our supply chain. This goal was officially validated by the target initiative based on science (sumps) aligned with the most ambitious purpose of the Paris agreement to limit global warming to 1.5 ° C. The informed environmental strategy includes a more concentration Strong about our digital product formats and significant travel reductions. Together we are building mentality and behavior and behaviors wait for the environment with a focus on energy and office waste, waste, switching trips and business. His association works also claim that no individual or company can possess or monitor over 50% of his total share capital, and that no single shareholder can exercise over 20% of the voting rights exercised at a general meeting of the company. Ordinary shares are mainly held by employees, from past employees, from the founding members of society and, more recently, from Exor NV. The Council determines the long-term strategy of the group, with the additional responsibility to preserve its unique independent editorial voice. More information on our board is the role of trustees is to guarantee the continuous independence and property of the company and the editorial independence of the economist. These values regulate our relationships with readers, audi and customers, shareholders, colleagues, suppliers and communities in general. For 179 years we have supported free markets, open companies and individual liberties as the foundation on which the human progress thrives. Ordinary shareholders are not entitled to participate in the appointment of Directors, but in most other aspects classified equally with other shareholders. With visually surprising daily graphics and from detailed weekly graphics weekly to the world-class interactive products, such as the covidical risk estimator, the global model of excess deaths and forecasts for important elections, the team helps subscribers to understand the world world Data -based analysis. More ads high from the economist jump to the content all-inclusive resorts 21 Apr 21, 2020 all-inclusive resorts APR 21, 2020 travel tips Let's Go à € à € APR 21, 2020 All-Inclusive 21, 2020 Resorts When the troops He sensed a suburb of Kyiv, the residents of the life of comfort were cut from the world. We provide colleagues with information on the group's activities and its financial services through meetings and regular communications through our intranet. Our special relationships, produced throughout the year, dived deep into a series of topics of global climate change and sustainability at the limits of artificial intelligence. Consult our list of our primary legal entities by jurisdiction. We follow a robust tax policy and the risk management policy, we follow the clear principles in the conduct of our tax affairs and how we are committed to the United Kingdom and other tax authorities. We are an independent dear founded in 2012 by employees of the Economist group. The reason is simple: the credibility of the economist group is based on the honest, the integrity and independence of his journalism and remains free from commercial pressures of the rest of the group. We encourage our people to participate in charitable and community activities and allow them to take free time for this purpose. Everyone combines analysis, soil reporting and a pinch of humor to capture the essence of the economist on video. THE WORLD - Direct to your Inboxour newsletters move directly to the heart of global problems in a convenient way and adapted to the interests of our audiences. We are engaged in the management of climate change, we respect environmental standards and respect the relevant local laws. Key messages are amplified through branded content, supports advertising, planning of data design and viewing, social media and tailor -made global events that change the Economist Group of Livesti support local charity through the Charitable trust and disadvantaged young people through the Educational Economist Foundation. The economist was the charity confidence of the Charitable Trust economist was founded in 1986. New ideas are regularly shared on our sustainability channel. The Editor-Capo is appointed by the trustees, which are independent of commercial influences, policies and owners. More information on our Economist Group of Trusteshe is guided by Lara Boru who entered as CEO in 2019. We seriously take environmental problems. We support colleagues that through disabilities or disease are unable to carry out their duties, adapting the work environment and working hours to adapt them to their performance. We match the donations of employees of time and money to charity. We stick to rigorous guidelines governing the acceptance of gifts and the dissemination of potential conflicts of interest. Our leaders offer works of opinion based on events on events that model the global agenda and today's section summarizes the best of our journalism every day. Look at our current fiscal strategy of the United Kingdom and tax and risk management policy. We believe in charitable attention by providing an active contribution to local charitable bodies to give charitable. Guide Principias Ye Group operates in a clear and ethical context, and the reviews of the Board of Directors and approves a series of guiding principles every year, which are the following. We evaluate our customers offer information, analysis and services that are evaluated by our customers. (The economist and the World Award Series represent most of our annual shopping and print spending. There are 13 places allowed by the board, seven of which can be appointed by the owners of special actions "A" and six of the of special actions "B". The advice is a diversified group of individuals with superlative skills in their specialist fields. They include the world to come, our future gas franchise with an annual supplement of forecasts and provocative is à € àvelop " Scenarios. Sign up for our newslettersexcellence, applied sideways to the economist that special economist issues offer authoritative and thorough coverage of a wealth of subjects in various formats. We recognize that it is essential to keep the colleagues of the group's progress informed. All the suppliers of paper and printing services used in the production of these publications adhere to one or more of the following environmental standards recognized at international level: ISO 14001, FSC and PEFC.) We appreciate our colleagues and we treat ourselves equally the group is committed in the equality of opportunities in all practices and work policies. At the center of everything we do is our independence, supported by our editorial culture and the solid governance structure. Innovation in action We have invested in renewable energy certificates to reduce carbon emissions for our offices and for the production of economist's printing. The appointments of the publisher of the economist and of the President of the Company are subject to the approval of the trustees. The general management of the company's activity is under the control of the board of directors. We are also enthusiastic about the fact that people feel at ease and appreciated at work, regardless of their background. In a false news era and political polarization, that independence is a precious resource. à € The editor of Zanny Minton Beddoes, The Economist Open Minds creates an open futurism The Economist, we are clear about what makes us stand out: timely provision of insights and context; Quality not quantities; Rigor and arguzia. The ambition of the Economist Group is to reduce greenhouse gas emissions (GHG) of at least 25% by 2025, using FY20 as a base year. We adopt a clear approach to analyze what it does and does not work. The The main of The Trustees is to safeguard these qualities, including guaranteeing the continuous independence and the owner of the company and the editorial independence of our journalism, while the IL The role is the most traditional to supervise the long -term success of the group. The equity capital of the newspaper Economist Limited, the mother company of the economist group, is divided into ordinary actions, "A" Special actions ", B" special actions and trusted of the actions. In the countries in which we operate, we respect local laws and regulations. The data on the composition of our group by gender, race and ethnicity are available in our annual relationship. The essays, in -depth explorations of a single topic, reflect on a series of themes of the internal lives of animals to the history of Ukrainian relations with Russia. à € à, - à "the world of this week highlights the great news of the week in politics and business. Business.
