It is nice to be returning to a more normal school schedule, but we will still need to move forward with patience and flexibility as the world is still navigating the Covid-19 pandemic. Know that we care deeply about the health, wellness and education of each of our students, and will be doing our best to make this school year as great as possible! It is often during these times of uncertainty that we can learn about ourselves, learn about the world around us and become inspired to come together in ways we never have. Let's work together to make this an awesome year! We are here to support and assist in any way we can, so please reach out to any of us any time. Let's do this! :) Share — copy and redistribute the material in any medium or format for any purpose, even commercially. Adapt — remix, transform, and build upon the material for any purpose, even commercially. The licensor cannot revoke these freedoms as long as you follow the license terms. Attribution — You must give appropriate credit , provide a link to the license, and indicate if changes were made . You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use. ShareAlike — If you remix, transform, or build upon the material, you must distribute your contributions under the same license as the original. No additional restrictions — You may not apply legal terms or technological measures that legally restrict others from doing anything the license permits. You do not have to comply with the license for elements of the material in the public domain or where your use is permitted by an applicable exception or limitation . No warranties are given. The license may not give you all of the permissions necessary for your intended use. For example, other rights such as publicity, privacy, or moral rights may limit how you use the material. Education U.S. News also ranked the high school tenth, nationally in their annual survey. Gazette Staff May 12, 2024 The Riverside STEM Academy (RSA) has been named the top high school in California and tenth in the nation by U.S. News Best High School Rankings. The survey includes 17,655 high schools across the country. The rankings were released on Wednesday, May 8.U.S. News bases its annual rankings on multiple factors, including enrollment diversity, a 100% graduation rate, and high school student performance on state assessments. "We aim to offer top-notch STEM education, and these rankings serve as confirmation of the exceptional work the students, educators, and staff in our district are known for," said Riverside Unified School District (RUSD) Board President Dale Kinnear.RUSD opened the RSA in 2011, and Superintendent Renee Hill has seen the school grow since its inception."One-third of RSA students enter below grade on either language arts or math standards, but all RSA students leave on standard and doing well on AP and other indicators, THAT makes me especially proud." Hill said. Author Former school board member honored alongside historic Eastside neighborhood; campus set to open in 2027. Ken Crawford May 8, 2025 Historic name returns for Riverside's first purpose-built STEAM campus. Ken Crawford Apr 30, 2025 Innovation center offers affordable technology programs while turning screen-obsessed kids into creators. Ken Crawford Apr 28, 2025 Changes include staffing for district's newest school, the yet-to-be-named Eastside Elementary, opening fall 2025. Ken Crawford Apr 18, 2025 Let us email you Riverside's news and events every Sunday, Monday, Wednesday, and Friday morning. For free Great! You've successfully signed up. Welcome back! Your billing info has been updated. Your billing was not updated. STEM can be fun but it also requires a lot of effort from the students. Whether it is staying up late to do homework or just going in at lunch to get help from a teacher, it will require more effort than other schools. You enter a lottery to get into STEM so our high standards are not from being private or taking a test to get in. It is simply the motivation students and teacher at STEM have to get their work done. We also not simply about academics, we compete in the RUSD middle school sports competitions. Our girls track is successful along with our boys basketball. We also offer a band program that plays at Riverside Art Museum every year along with a spring and winter concert. Our school has the most people in RUSD honor band every year. We also have clubs such as ASB, yearbook, speech and debate, and Science Olympiad. STEM sf for you if you are willing to put the time and effort into your work.
