Agatha Christie is considered one of the greatest authors of crime and mystery in world literature. Her prolific work still draws a legion of followers, being one of the most translated authors in the world and whose novels and stories are still the subject of reissues, performances and adaptations to the cinema.Christie was the creator of great characters dedicated to the world of mystery, such as the endearing Miss Marple or the Belgian detective Hercule Poirot. To date, it is estimated that more than four billion copies of his books translated into more than 100 languages have been sold worldwide. In addition, his play La ratonera remained on the bill for 23,000 performances.10 Agatha Christie Books for Free! [PDF]Aldous Leonard Huxley was born on July 26, 1894 in Godalming - Surrey, Great Britain. His father was Leonard Huxley, also a biologist. And his mother was Julia Arnold, one of the first women to study at Oxford, granddaughter of the poet Matthew Arnold.Aldous Huxley was a renowned English novelist and essayist of encyclopedic and visionary prose; he is also considered one of the initiators of psychedelia.His narrative stands out for its expository brilliance and intellectual lucidity, and shows the fabulous and reflective capacity of an author endowed with a great intelligence, a marked sensitivity and a vast encyclopedic culture.8 Aldous Huxley Books for Free! [PDF]Alexander Dumas was a celebrated French author best known for his historical adventure novels, which include "The Three Musketeers" and "The Count of Monte Cristo." Dumas's works are characterized by their fast-paced action, historical accuracy, and compelling narratives. He was a prolific writer, producing numerous novels and plays that have captivated readers for generations. His works have been translated into many languages and adapted for numerous films.22 Alexandre Dumas Books for Free! [PDF]Anton Pavlovich Chekhov was born in Taganrog, southern Russia, on the Sea of Azov, on January 17, 1860. Chekhov entered the medical faculty of Moscow University. He soon took his father's place as head of the family, a responsibility he carried for the rest of his life.In an attempt to increase his income in Moscow, Chekhov wrote for the humor magazines he liked. His first story was published in March 1880 by a magazine called Dragonfly, which later that year published nine of his stories, most of them signed as "Antosha Chekhonte." Chekhov's first book published by someone else, Motley Stories, came out in 1886 under his real name. The book was successful and Chekhov was recognized as a new talent. He began practicing medicine less and writing more. In February 1887 he was elected a member of the Literary Fund, an honor given only to outstanding authors.10 Anton Chekhov Books for Free! [PDF]Aristotle was a philosopher, mathematician and logician born in 385 BC in the city of Estagira, Greece. His father was a renowned physician to King Amyntas III of Macedon. At the age of 17, when his father died, Proxeno de Atarneo his tutor, sent him to the intellectual school of Greece to study Plato. He spent more than 20 years learning all the knowledge that his great teacher could give him.After Plato's death in 347 BC, Aristotle decides to go on a journey through different cities in Greece. It is for this reason that in approximately 343 BC, king Philip II of Macedon called the Greek philosopher to be the advisor to his 13-year-old son, who would later be known as Alexander the Great.22 Aristotle Books for Free! [PDF]On May 22, 1859, Arthur Conan Doyle was born in Edinburgh, Scotland.Although Doyle's family was highly respected in the artistic world, his father, Charles, who was a lifelong alcoholic, had returned to the family in 1857, and his mother, Mary, who was a devout Catholic, was suffering from alcoholism. Doyle's father died in 1862, and his mother died in 1863. Doyle's father's death led to his first attempt to write, with a story called «The Mystery of Sassava Valley». That was followed by a second story, «The American Tale», which was published in London.Sydney 56 Arthur Conan Doyle Books for Free! [PDF]Arthur Schopenhauer was born in Danzig on February 22, 1788. In 1797 Schopenhauer was sent to live with a family in France, Hamburg after 2 years to enter a private school. He later became interested in literature, which earned him the disapproval of his father, who nevertheless gave him a choice between pursuing serious literary studies or traveling with the family for 2 years. Schopenhauer chose to travel. In 1851, Schopenhauer published the book that brought him fame and followers. Entitled "Parerga and Paralipomena," it was a collection of highly polished and insightful essays and aphorisms. His style was probably the main reason for the book's immediate success.9 Arthur Schopenhauer Books for Free! [PDF]Jacob (1785) and Wilhelm Grimm (1786) were two writers born in Hanau (Germany) into a family of the German intellectual bourgeoisie. They were the eldest of six brothers and, under the influence of their father, studied Law and Medieval Literature at the University of Marburg, where they met the person who got them interested in the world of popular poetry.Both brothers worked in a library when they were about 20 years old and before they were 30 they were already well-known writers, however, at that time several of their stories were censored or modified to adapt them a little more to social customs.29 Brothers Grimm Books for Free! [PDF]Charles Robert Darwin was born on February 12, 1809 in Shrewsbury, Shropshire - England. He was the fifth son of Robert Darwin (a physician and businessman) and Susannah Darwin (whose maiden name was Wedgwood).When he was only eight years old, little Charles showed his inclination for natural history and for collecting specimens. In 1817 he entered the school run by the family preacher. That same year, in July, his mother died.11 Charles Darwin Books for Free! [PDF]Charles John Huffam Darwin was born on 12th February 1842 in Down House, Down, Kent, England. He was a geologist, naturalist, and biologist.
