Values can be integers, negative numbers or decimal numbers. To provide flexibility to create numeric lines, this site does not limit the values you can use to create numeric lines. The generator will try to create a line of numbers with the data provided. Not all values will create useful numbers lines. Additional worksheet titles available in the subscribers area include the addition: numerical lines, subtracting: numerical lines and identifying shapes. Note: This page contains legacy resources that are no longer supported. You are free to continue using these materials, but we can only accept our current worksheets, available as part of our membership offer. This whole worksheet can be configured for horizontal addition problems of 1 or 2 digits with 2 terms. Terms can be selected to be positive, negative or firm mixed. You can select up to 30 integer problems per worksheet. Click here to get more full-colour worksheets: under the Wavescolor by Sum: under the simple addition problems of waves and adorable sea creatures, this color by the sum sheet will surely entertain your child while receiving an essential math practice. These add-on worksheets are ideal for teachers, parents, and students who use it. This add-on worksheet can be configured for 2, 3, or 4 digits, as well as 2, 3, or 4 Addends. You can select up to 30 attachment problems per worksheet. Click here to get more attached worksheets. Number 1-10 - Cutting and glue. Free to cut out the parts of this numerical line and put them together. This numeric line includes numbers one through ten.kindergarten and 1st pallop line 1-100 - Cut & Glue FREE 'REE' LIST START BEGINS START HAS A RANGE OF ZERO TO HUNT. When you attach all the parts, it's nine feet long! Kindergarten and 1st Gradenumber Line -50 to +50 is FREE SHORT, glue and build this line of giant numbers, which includes all fifty positive integers. Kindergarten and 1st 1st Gradenumber Line in the lost numbers that come before or after the numbers given on the numbers lines. This worksheet contains only 2-digit numbers. Kindergarten and 1st GradeWrite the missing numbers from each row. This page includes only 3-digit numbers. 1st to 3rd GradesSkip CountingWith Number LinesNumber Line: Counting by 2sUse this number line to count by 2s. Complete the activity by filling the boxes. This line of numbers ranges from 0 to 32. Kindergarten to 3rd Grade Additional worksheet titles available in the subscriber area include Missing Addend, Addition: Money and Decimal Numbers.
