Joplin mo police officers

SPRINGFIELD, Mo. – A former Joplin, Mo., police officer pleaded guilty in federal court today to receiving and distributing child pornography. Gary McKinney, 43, of Joplin, pleaded guilty before U.S. Magistrate Judge David P. Rush to the charge contained in an Oct. 24, 2018, federal indictment. McKinney was an officer with the Joplin Police Department for about seven years until May 20, 2006, after which he worked for a short time as a police officer in Webb City, Mo., and Duquesne, Mo. The investigation began on Sept. 17, 2018, when a federal agent received a CyberTip from the National Center for Missing and Exploited Children. Facebook reported that a user had uploaded a video file of the sexual assault of a 4-year-old victim. Law enforcement officers contacted the Facebook user, who at that time was conversing with McKinney using the Kik messaging application. Law enforcement officers executed a search warrant at McKinney's residence on Oct. 3, 2018, and seized his cell phone. Investigators located 506 images and 148 videos that contained child pornography on McKinney's cell phone. The examination showed that McKinney used both the Telegram and Kik applications to converse with others and exchange child pornography. Under the terms of today's plea agreement, McKinney is subject to a mandatory minimum sentence of five years in federal prison without parole, up to a sentence of 20 years in federal prison without parole. The maximum statutory sentence is prescribed by Congress and is provided here for informational purposes, as the sentencing of the defendant will be determined by the court based on the advisory sentencing guidelines and other statutory factors. A sentencing hearing will be scheduled after the completion of a presentence investigation by the United States Probation Office. This case is being prosecuted by Assistant U.S. Attorney Ami Harshad Miller. It was investigated by Immigration and Customs Enforcement's (ICE) Homeland Security Investigations (HSI), the Southwest Missouri Cyber Crimes Task Force, and the Joplin, Mo., Police Department. Project Safe Childhood This case was brought as part of Project Safe Childhood, a nationwide initiative launched in May 2006 by the Department of Justice to combat the growing epidemic of child sexual exploitation and abuse. Led by the United States Attorneys' Offices and the Criminal Division's Child Exploitation and Obscenity Section, Project Safe Childhood marshals federal, state, and local resources to locate, apprehend, and prosecute individuals who sexually exploit children, and to identify and rescue victims. For more information about Project Safe Childhood, please visit www.usdoj.gov/psc. For more information about Internet safety education, please visit www.usdoj.gov/psc and click on the tab "resources." JOPLIN, Mo. – Last year, Joplin for Justice announced a petition asking the Joplin Police Department for details on past shootings, use-of-force reports, and hiring practices. At the Joplin for Justice rally tonight came the announcement that an independent organization had conducted an external review of the current policies and procedures of the Joplin Police Department. Dola Flake with Joplin for Justice says "I think the smarter move would have been push it out into the future as far as possible and then rescind it whenever the timing is right to rescind it, that's one thing I wish we would have done the first mask ordinance, the second one that came in in November, obviously we put it out to the end of February and we tried to put it in as long as we possibly thought we could to not feel, to feel like when it expired it was going to be an okay time for it to expire." According to its website, "Eight Can't Wait" is a campaign to bring immediate change to police departments. The website highlights use of force numbers and policies across the country. As of this newscast, Joplin, specifically, wasn't on their website. However, Flake says the report from Eight Can't Wait will be available on the Joplin for Justice Facebook page. Back to Joplin specifically, according to Flake, the report showed Joplin's policy score was a 12.5 out of a possible 110. Flake says part of the reason for the low score is policies that are out of date. "So we know that we have policies that leave people vulnerable to being mistreated and exposure to excessive force." Flake says she knows of some policies that aren't up to par in the department. "There are specific policies that come to mind, for example, really lax policies related to sedation if you need to arrest somebody, we also have lack of policies that require a verbal announcement before using deadly force, so some really concerning policies." We reached out to the Joplin Police Department about this report. We got this statement in response saying quote "Administration officials with JPD have met with Joplin for Justice members in the past in response to a petition, but to date have not been apprised of a study for findings by their organization." You can review an excerpt of the report below.
