Is there a hush part 2

Warner Bros. AnimationDC Entertainment Warner Bros. Home Entertainment July 20, 2019 (digital download)August 6, 2019 (DVD and Blu-ray)
Batman: Hush is the fourteenth installment in the DC Animated Movie Universe. It was released on Digital July 20, 2019 and 4K Ultra HD, BLU-RAY, and DVD on August 6, 2019. Voice cast for the film was leaked on 2 January revealing it to be part of the universe.[1] While it's the fourth Batman film in the DCAMU, the film isn't a sequel to Batman: Bad Blood, but instead to Reign of the Supermen. Synopsis[] The mysterious villain known as Hush is determined to destroy both the crime-fighting career and personal life of Batman, which is already complicated by his relationship with Catwoman. Plot[] Bruce Wayne is attending an evening party where he meets Selina Kyle and his childhood friend and renowned brain surgeon Thomas Elliot, until he receives an alert from Alfred about a child kidnapping from Bane. After a brief fight, Batman is confronted by Lady Shiva who tells him an unknown intruder has used the Lazarus Pit and asks for his assistance in identifying them. Batman rescues the child but Catwoman steals the ransom money. As Batman swings through Gotham City in pursuit of her, a mysterious villain shoots his grapple line and he falls to the ground, fracturing his skull. He's nearly killed by a group of nearby criminals until he's saved by Catwoman and Batgirl. Catwoman delivers the ransom money to Poison Ivy, who's controlling her through a hypnotic kiss. Alfred summons Thomas Elliot to remove skull fragments from Bruce's brain. Batman recovers and pays a trip to Blackgate Prison to interrogate Bane on the whereabouts of the money. Bane eventually escapes, and Batman strikes a deal with Amanda Waller, who allows Bane's escape so Batman can track him. Bane leads Batman to Poison Ivy's now abandoned greenhouse where Catwoman is. Waller captures Bane and returns him to prison. Catwoman, seeking retaliation for Ivy's manipulation, offers information on her whereabouts to Batman in exchange for a kiss and a tenuous romance blooms between them. Batman and Catwoman follow Poison Ivy to Metropolis. Batman finds Lex Luthor, now a probationary member of the Justice League, and asks for information on a delivery list of an ethylene compound to track down Ivy's location. There they find Ivy has taken control of Superman and she commands the Man of Steel to kill Batman and Catwoman. Batman observes that Superman's subconsciously resisting Ivy's influence, holding back on his attempts to kill both of them. Using knuckledusters made from Kryptonite, Batman stalls Superman while Catwoman lets Lois Lane fall from the Daily Planet building. Superman breaks free of Ivy's control to save Lois. Batman, Superman, and Catwoman work together to capture Ivy, who reveals that she was being manipulated by a mysterious foe called Hush. Bruce Wayne goes on a date with Selina, who's unaware of the former's identity as Batman, much to the encouragement of his family. The two, along with Thomas Elliot, attend an opera when Harley Quinn arrives and attempts to kill Bruce. In the ensuing struggle, Dr. Elliot is apparently shot dead by the Joker. An enraged Batman violently beats Joker who claims that he's innocent, and he's stopped short of killing him by James Gordon. Bruce attends Elliot's funeral and deduces Joker's innocence as well that Hush must know his secret identity. After foiling a robbery by the Riddler, Batman chases after Hush but fails to catch him. Afraid for her safety, Batman asks Selina to leave Gotham so she doesn't fall victim to Hush, who vowed to murder everyone close to him. He eventually decides to trust Catwoman and reveals his identity to her, and the two become a romantic crime-fighting couple. Later, Batman investigates the office of Thomas Elliot and discovers one of his patients was someone called Arthur Wayne who sought an operable brain tumor. Nightwing and Catwoman investigate a graveyard break-in and are attacked by the Scarecrow. Nightwing is overpowered by the fear toxin but Catwoman defeats Scarecrow and gets Nightwing to safety. However, she's captured by Hush after Nightwing escapes. At Arkham Asylum, Batman interrogates Riddler who reveals that he's been Arthur Wayne as well as Hush. He'd used a Lazarus Pit to cure himself of his brain tumor and during his time in the pit, he figured out Batman's identity as Bruce Wayne and formed a plan involving several villains to destroy both the personal life and the crime-fighting career of Batman. Batman deduces that Riddler is actually Clayface mimicking his identity while the latter communicated via satellite. After defeating Clayface, Batman finds Riddler's location and the two engage in a final confrontation. Riddler is nearly killed but is saved by Batman with his grapple. However, Catwoman cuts the line and allows Riddler to fall to his death. In the aftermath, Batman and Catwoman decide to go their separate ways after a fierce disagreement over Batman's ethical code. Both of them acknowledge that while their relationship can't happen presently, it may someday. There's a three strikes law in this state boys."Catwoman helps Nightwing."All unites, we have a break in to the Gotham City Cemetary.""May I have a question for you. You can ask."Catwoman and Poison Ivy kissed.Batman and Catwoman vs. Mr. Freeze Trivial[] This is the Joker's, Riddler's, Hush's, Poison Ivy's, and Catwoman's first full appearances. Batman changes his costume in the film to match the suit used in the graphic novel. Making this the 4th DC Hero of the DCAMU to receive a new suit also after Nightwing in Teen Titans: The Judas Contract, Superman in Reign of the Supermen, and Nightwing was also shown with a new costume in this film from the previous one we saw in his last appearance in Teen Titans: The Judas Contract In the graphic novel Barbara Gordon was Oracle and Huntress was an ally to Batman while Killer Croc was an unwilling tool in the story. However in this movie Barbara Gordon is Batgirl while Huntress is absent from the movie, and Killer Croc is replaced with Bane. Despite having a positive reception by critics, the movie received polarizing reviews by public audiences and fans. After quick analysis, Batman: Hush became the second least favorite movie in the DCAMU, after Justice League: Throne of Atlantis. Lex Luthor is a probationary member of the Justice League as a result of Reign of the Supermen. A running gag in the film is all of Bruce's family and friends tease him about his relationship with Selina. Batman reveals that he know the existence of Amanda Waller's Suicide Squad, which slightly surprises her. Peyton List previously portrayed Poison Ivy on Gotham. References[]

Batman: Hush is a 2019 American direct-to-video animated superhero film featuring the DC Comics superhero Batman and loosely based on the 2002 comic book story arc of the same name. It is the 13th installment of the DC Animated Movie Universe and the 35th overall film in the DC Universe Animated Original Movies line. In the film, Batman forms an alliance with Catwoman to defeat a new villain named Hush, who knows all of Batman's secrets and targets the key figures in his life. Plot After Batman rescues an abducted child from Bane for a ransom, Lady Shiva approaches Batman to inform him of an unknown Lazarus Pit intruder and requests his help in identifying the intruder. Batman agrees to do so as Catwoman steals the ransom. While pursuing her, a masked vigilante shoots through Batman's grapple line, causing him to fall onto the sidewalk and crack his skull. Catwoman rescues him from a gang of criminals who tried to unmask him, but Batgirl chases her away. Batgirl takes Batman back to the Batcave where Alfred and Dick Grayson create an alibi for how Bruce Wayne suffered the injury. Alfred contacts Bruce's childhood friend Thomas Elliot, a renowned brain surgeon, to aid his skull. When Bruce declares himself ready to be Batman again two weeks earlier than Thomas advised him to be up and around, Commissioner James Gordon informs Bruce of a break-in at Thomas' office. While investigating, Batman learns that one of Thomas' patients was someone using the alias of crossword puzzle inventor Arthur Wynne, leading him to suspect the Riddler was behind the break-in. At Arkham Asylum, Batman interrogates Riddler, who reveals that he had deduced his secret identity while using the Lazarus Pit to cure his untreatable brain tumor, and took on the identity of Hush due to his lack of respect among other villains. However, Batman deduces that this "Riddler" is actually Clayface in disguise and, after defeating him, learns where the real Riddler has taken Selina: a factory whose name is an anagram of Arthur Wynne. At the factory, Batman rescues Selina and defeats Riddler, who is growing weaker as the healing effects of the Lazarus Pit are wearing off. With the building about to explode, Batman risks his own life to try and save Riddler from falling into a vat of molten metal. Realizing this, Selina cuts the grapple line holding Riddler and lets him fall to his death to give Batman enough time to escape. Once they reach safety, Batman and Selina argue over the latter's actions and decide to call off their relationship due to Selina being unable to cope with Bruce's moral code. Voice cast Voice actor[] Character Jason O'Mara Batman / Bruce Wayne Jennifer Morrison Selina Kyle / Catwoman Stuart Allan Robin / Damian Wayne Sachie Alessio Lady Shiva Geoffrey Arend Riddler / Edward Nygma / Hush Chris Cox Scarecrow / Dr. Jonathan Crane James Garrett Alfred Pennyworth Adam Gifford Bane, Clayface / Basil Karlo (uncredited) Peyton List Poison Ivy / Pamela Isley Peyton R.
