Compress Merge Capture Web Website Archive Creating Archive Archive Convert DWG Converter DWG Stand For Design and This file format is a common format for computer-assisted design (CAD). It is used for storing 2D and 3D drawings. DWG is supported by various CAD software packages such as AutoCAD, Intellilicad or Caddy. DXF Converter DXF is a common format for computer-aided design (CAD). It is developed by Autodesk and is similar to the DWG format but is more compatible with other software packages as it is opened documented. CloudConnevert is your Swiss army knife for file conversions. We support almost all audio formats, video, documents, ebooks, archive, image, spreadsheet and presentation formats. In addition, you can use our online tool without downloading any software. CloudConvert was reliable by our users and customers from its foundation in 2012. Nobody except you ever access your files. We earn money by selling access to our API, not selling your data. Read more about this in our privacy policy. In addition to using Open Source software under the hood, we collaborate with various software providers to provide the best possible results. Most conversion types can be adjusted to your needs as the quality setting and many other options. Our API allows customized integrations with your app. You only pay for what you actually use, and there are enormous discounts for high-volume customers. We provide many useful functions such as the integration of AMAZON S3 complete. Check the API documentation. Our AutoCAD design format online converter for Exchange Drawing AutoCAD format (DWG to DXF) is a fast and easy to use tool for individual and batch conversions. The converter also supports more than 90 other vector formats and GIS / CAD rasters and over 3 000 coordinate reference systems. If the input data coordinate system is not present or unrecognized correctly, you can assign the correct one. So you can transform your data to any other coordinate reference system. Files can be uploaded from more selections or you can pack them to any supported format (ZIP, RAR, 7Z, TAR, GZIP). If the input format is based on the directory, you need to pack the whole directory, not just the content. To avoid considerable server loads, we had to set the conversion limits for each user - see the free plan. If you have exceeded the limit, you can register a prepaid plan, otherwise you will be charged with the credit card during the conversion process. Your expenses allow us to cover the costs associated with the operation of the servers and improve our service.
