The robot's adventure update 27 May This new update to LEGO® Builder's Journey answers many of your burning questions. What happened to the robot? Why was it abandoned in the cave? Who is it, really?Join the robot on its incredible journey and discover what happened to it before, during, and after the events of LEGO Builder's Journey. Discover new locations and a new way of playing as you get a glimpse inside its head. Literally.Go explore with your new robot friend! LEGO® Builder's Journey Rescuer and Savior achievement Does someone already know how to get these? I assumed that when the levels came where you had a bunch of bricks to pick up, that I need to pickup the pyramid and antenna respectively. But in both cases I didn't get them. 13 Jun @ 7:28am General Discussions Guide LEGO Builder's Journey robots adventure achievements (9/9) This guide provides information about the achievements in the updated version of Robots Adventure. There are a total of 9 achievements, 3 of which you will obtain as you progress through the game, while 6 achievements can be missed. Guide Controls Guide 100% de logros. Los logros se consiguen a medida que vas completando la historia, ningún logro se puede perder, por ende conseguirás el 100% al terminar el juego. Es un juego muy de chill, espero lo disfrutes! Crashes every time I go to the next level. I'm having crashes when the game goes to the next level, sometimes it stays black for a while and then starts, other times it stays black and loads forever and as soon as I click the mouse the game crashes and closes. Anyone else having the same problem? My PC: OS: Windows 11 Pro 64bit CPU: AMD Ryzen 9 3900X 12 Core 4.60Ghz GPU: AMD RX 6700 XT 12GB - XFX QICK 319 RAM: CORSAIR VENGEANCE RGB PRO SL 32 GB DDR4 3600MHz MOTHERBOARD: Gigabyte X570 AORUS ELITE SSD: Gigabyte Aorus M.2, PCIe 4.0 x4 NVMe 1TB... 17 Jun @ 2:02am General Discussions Is this puzzle bugged? im playing the new update: Robot's Adventure but I can't get past this level, cant find anything on google. Is this bugged or am I doing something wrong? (18 Jun @ 3:08am General Discussions Inspector achievement Does anyone know what chapter/level the inspector achievement is in? it mentions a pyramid and im sure ive done it but must have missed something. I think the illuminator achievement goes with it but I cant seem to find where it is. 14 Jun @ 4:51pm General Discussions No one has rated this review as helpful yet 0 Posted: 24 July A nice short lego game, and I mean short the main story wasn't even 2 hours long and the robot story took me an hour because some of the puzzles were more on the difficult side of things. Over all it was a sweet game. LEGO® MARVEL's Avengers > General Discussions > Topic Details Crash on launch : fixed For fix the crash go to : AppDetailRoaming/Warner Bros. Interactive EntertainmentLEGO MARVEL's Avengers(GUI\ASSETS and delete the file "VISITLEGO OFFLINE_DX11.TEX" or all the files inside "ASSETS", and after it's ok for everytimes.I saw the content of the files are recreate one time by day after the game was launched for the first time another day, you must just delete the content of the files after the new first launch. I contacted TT Games for fix it. Last edited by Mynohntna; 14 Oct, 2024 @ 9:11pm Deleting only this file didn't work for me but deleting all the files inside the folder (not the folder) worked for me. Guide BLVGH - LEGO Marvel Super Heroes This is my new and improved guide for LEGO Marvel Super Heroes! In an effort to make my guides more helpful and engaging, I have decided to rework them! I would appreciate any feedback you guys have about this new format, so be sure to leave a comment or s... 100% bug? I can't get the platinum :(My game stuck at 99.9% completion. I've gotten all the achievements, all the Stan Lees, all the gold and red bricks, all the characters, and all the vehicles/planes. What could it be? Моя игра застряла на 99,9% завершения. Я получил все достижения, всех Стэнов Ли, все золотые и красные кирпичи, всех персонажей и все транспортные средства/самолеты. Что это может бы... 9 Jul @ 4:27am General Discussions Guide Index of LEGO Superhero Powers I got tired of forgetting which characters I could use to perform which function, so I started keeping a list. I'm sharing it here in case others might benefit from it. If I've forgotten any character's ability, just let me know and I can add it. Controle não funciona no jogo. Salve rapaziada, beleza? Vocês conseguem jogar lego normal? Toda vez que tento jogar, ativa o player 2. Já comprei controle, já baixei emulador e nada. Conseguem me ajudar? 13 Jul @ 12:06pm General Discussions Guide How to find 1 gold brick and 1 character token far from New York City If you can't find 1 gold brick and 1 character token, this guide may help you. Those two items are out of the New York and placed upper sea, so it should be little bit tricky to find. Guide Bugs (or ants) and how to deal with them This guide will show you how to get around some bugs (in this case we will call them ants) and glitches in Lego Marvel Super Heros. This hosts collected data from around the internet that I am compiling into a guide to help you get past these ants. These ... прохождение на 100% На данный момент прошел на 99,8%. Не хватает одного золотого блока и одного значка персонажа. Ни то, ни другое не отображается на карте. Есть какие-то способы решения?.. 18 Jun @ 9:05am General Discussions Note: This is ONLY to be used to report spam, advertising, and problematic (harassment, fighting, or rude) posts. Happy Monday, friends of the brick!We hope you had a good start into the new week so far. If so, please let us kindly make it even better for you! And if not, hopefully we can make your Monday a little bit friendlier, because LEGO® Bricktales is 20% off during a Midweek Madness as of now! :steamhappy:We also recorded a new stream for it, which you can watch in the broadcast player on the LEGO® Bricktales page. Julian, Tim and I play a bit again and talk about, among other things, what has happened in terms of updates and expansions in LEGO® Bricktales since its release. And what surprises the future might hold... Oh, and if you have already played LEGO® Bricktales it would be great if you could give us your feedback in this little survey(forms.office.com). That would really help us a lot. And it won't take long either, I promise! ♥Well, enough fooling around. We wish you all lots of fun in LEGO® Bricktales!Happy brick-by-brick building to all of you!Tri Do Dinh & the ClockStone Team Note: This is ONLY to be used to report spam, advertising, and problematic (harassment, fighting, or rude) posts. Blocked at mine Hello , i've just bought the game and i'm very happy of that , i've always wanted to played it but i have a major problem. i've set my settings to the lowest and when i start the 3rd assignment : miner alteration, the cinematic have no problems but after that my character change and i'm blocked but a freeze of the screen , it's been a week that i try to pass but it don't work . Anyone have an idea of what is happening ?... 14 Jul @ 9:35pm General Discussions How hard is 100% completion? In comparison I 100% completed Lego Star Wars Complete Saga, anyone who has played both how can they compare? I'm not trying to spend 100 hours doing this game. 4 hours ago General Discussions 2 people found this review helpful 0 Posted: 19 July LEGO® City Undercover on Steam offers a delightful blend of open-world exploration, humor, and classic LEGO charm, wrapped in a colorful and family-friendly crime adventure. Originally launched on the Wii U and later ported to multiple platforms, this version brings the game's vibrant city and engaging story to PC players, preserving the playful spirit that made the game a standout among LEGO titles. It strikes a balance between casual gameplay accessible to younger audiences and enough depth and variety to keep older players entertained for dozens of hours. While it may not reinvent the open-world formula, LEGO City Undercover succeeds by embracing its unique sense of humor, creative gameplay mechanics, and a lovingly constructed urban playground.The narrative centers around Chase McCain, an undercover cop who returns to LEGO City after a long pursuit of the notorious criminal Rex Fury. The story is a lighthearted parody of cop dramas and crime movies, filled with witty dialogue, clever pop culture references, and a cast of memorable characters. Chase's deadpan delivery and the over-the-top antics of the city's inhabitants provide much of the game's charm. Unlike many LEGO games that follow licensed properties, City Undercover boasts an original storyline crafted specifically for this setting, allowing it to develop its own identity. The story unfolds through missions that blend detective work, car chases, platforming, and puzzle-solving, often with a comedic twist that keeps the tone upbeat and fun.Gameplay in LEGO City Undercover is highly varied and encourages exploration. The game features a sprawling open city filled with secrets, collectibles, side missions, and mini-games. Players can commandeer a wide range of vehicles—from cars and helicopters to boats and construction machines—each offering a different way to traverse the environment. The city itself feels alive, with pedestrians, traffic, and random events that add to the sense of immersion. Players often find themselves unlocking new disguises for Chase, each granting unique abilities that open up previously inaccessible areas, which cleverly encourages backtracking and thorough exploration. This Metrodvania-style progression ensures that the game's world feels layered and rewarding.The puzzle and platforming elements are accessible but thoughtfully designed. Players frequently use Chase's abilities and various gadgets to interact with the environment, such as hacking terminals, breaking through barriers, or using different tools to solve environmental challenges. The game's structure alternates between story missions and optional content, allowing players to set their own pace. For LEGO fans, the numerous collectibles—such as gold bricks, vehicles, and character tokens—offer plenty of incentives to explore every nook and cranny. These collectibles not only add to completionist appeal but also unlock additional content and upgrades, enhancing replayability.Visually, LEGO City Undercover embraces a bright, cartoony aesthetic that perfectly suits the LEGO brand. The city is impressively detailed, with vibrant neighborhoods ranging from downtown skyscrapers to suburbs and industrial zones. The animations are smooth, with plenty of charming character expressions and comedic physical humor. The soundtrack complements the game's playful tone, mixing upbeat tunes with subtle nods to classic cop show themes. Voice acting is a standout feature here, with talented actors delivering a surprisingly nuanced and entertaining performance that elevates the story beyond typical LEGO fare. The game also includes a local split-screen co-op mode, allowing two players to enjoy the city's antics together, which adds to its family-friendly appeal.While LEGO City Undercover offers a polished and enjoyable experience, it isn't without minor issues. The open world, while expansive, can occasionally feel a bit empty or repetitive, especially when traveling between mission hubs. Some players might find the pace slower than typical action games, as the humor and exploration are prioritized over high-intensity sequences. Additionally, the PC port has had its share of technical hiccups on release, including occasional frame rate drops and camera quirks, though many of these issues have been addressed through patches. Controls translate well to keyboard and mouse, but some players may prefer a controller for a smoother driving and platforming experience.In summary, LEGO City Undercover on Steam is a charming, humorous, and well-crafted open-world adventure that successfully captures the playful essence of LEGO while delivering a satisfying cop story filled with twists and laughs. It stands out among LEGO games for its original narrative, varied gameplay, and immersive city to explore. While not the most groundbreaking open-world title, it offers a delightful experience that appeals to a broad audience—kids, LEGO fans, and casual gamers alike. For those seeking a lighthearted but engaging adventure with plenty of collectibles, jokes, and creative challenges, LEGO City Undercover remains a highly recommended pick.Rating: 9/10 26,087 products in account 1 person found this review helpful 0 Posted: 21 July Probably the best LEGO game I have played so far, they really have refined the formula over the decades. I really liked that this one is using LEGO IP and its own storyline rather than just copying a movie as well. Mainly taking place in big open explorable world, with a few missions happening in a separate stage. The open world is full of lots of different sets of collectables, minigames, side missions and puzzles. A nice range of different 'disguises' (equivalent to different characters in other LEGO games), all delivered with trademark LEGO humour. It now has two currencies - studs as always to unlock new vehicles and disguises, but also bricks, used to make 'superbuilds' to progress missions, places to get vehicles, ramps for stunts and some that are just decorative. Low difficulty curve, suitable for small children and adults looking for a relaxed fun time instead of a challenge. 2,617 products in account General Discussions General Discussions Help. I am addicted to this game LMAO I never thought I would be addicted to a Lego game or any game for that matter. And yet here I am asking the L.B.H.L (Lego Brick Help line) to help me with my addiction. But all I get is the collectables desk and they say, the more you play, the better you will feel. But I am seeing STUDS, BRICKS of all colours in my nightmares and dreams and many, many things to destroy. ... 22 Jun @ 11:24pm General Discussions LEGO® The Lord of the Rings™ > General Discussions > Topic Details LEGO LotR Character Mod - Version 3 Download at: installing please follow these instructions:Install QuickBMS[alugi.altervista.org]Get the TTGames Script[alugi.altervista.org] and save it Save the BMS script to where you installed QuickBMS Drag the script onto QuickBMS.exe>Select one of the .dat files from either game.Create a new directory elsewhere on your computer. Use the name of the game you extract as the foldername. Save the files there.Wait for everything to extract, then repeat for each file.Create a folder called Backup in the gamedirectory and move all .dat files into it.Open the folders you extract the files to, and move everything inside into the gamedirectory.If a file called DISC exists move it to the backup folder. If you do not do this then the game will simply crash on launch.Delete CHARTXT.FPKDrop the contents of this mod into the game folder.Play to test if everything is correct.Unlocks several items for use in the minifiy customizer.Makes the following characters playable (DLC 1,2,3 + more)Changes in version 3.Mahud, Last Alliance Human Solider, Last Alliance Elf Solider and Captain of the Dead now have a weapon.Captain of the Dead and Boromir (Ghost) do not have footsteps anymore.
